

Nashoba Valley Technical High School will begin celebrating a significant milestone in its extraordinary history this June. The graduation of our Class of 2014 on June 7th will officially begin the kick-off of our 45th anniversary year. A year-long celebration is being planned.

This will be an exciting time at the school and we welcome and encourage you to be a part of the celebration.

If you are a Nashoba Tech alumni and would like to share your stories or be part of the celebration, [click here](#).

While the face of technical education has certainly changed over the past 45 years, our commitment to our students has not. Nashoba Tech has evolved to include training in some of the most dynamic and sought-after career and technical pathways. We offer 18 career and technical programs for students to choose from. We're enhancing our facilities as well to accommodate new sports complex, gym, tennis courts and a state of the art dance and art studio.

You can see that we're excited about our future and hope you are, too. You may join us in celebrating our history.

We appreciate your support and hope you will join us in our celebrating 45 years of excellence.
